### 23.COVID-19 PROTOCOL DURING THE EVENT

On behalf of the **Mexican Judo Federation** and the **Pan American Judo Confederation (PJC)**, we would like to share with you this general information related to the COVID-19 security protocol that will be used in the Senior Pan American Championship, Pan American Open and Junior Pan American Cup 2021 that will be held in Guadalajara, Mexico from April 15 to 18.

Attached to this call you will find a more extensive document on the current protocol that has been agreed with the health authorities of the State of Jalisco as well as with the federal health authorities of Mexico. This protocol is added to the protocol of the International Judo Federation that is also being sent attached to this outline.

You will find a summary of the most important points for each delegation member. Please consider and put action on each of these points.

The event organizers will use the concept of a "Bubble" and all those who participate in the event are athletes, coaches, administrators, officials, guests, referees, or staff, they will be included and placed in this protective bubble. There will be no exceptions to being part of the bubble and any deviation from the rules will automatically make the group ineligible to participate in this event.

Please read the information below carefully and ask any questions before arriving at the event. It is the responsibility of each National Federation (NF) that participates and that enters a delegation in these Championships to explain these rules and guidelines to its members and it is the NF responsible for ensuring that the members of its delegation follow and respect each of these rules and guidelines.

1. *Only the official members of each delegation will be able to be inside the bubble of this event.*

2. *The championship bubble will include official transportation to and from the airport; parts of the hotel headquarters property; all practice, warm-up and competition areas found within the hotel property; all food areas; all athlete accommodation floors.*
3. *Only official members of the delegations with the corresponding accreditations issued by the organizers may enter the competition venue, there will be no exceptions.*
4. *Prior to the departure of each delegation from their countries, the organizers will provide a government-issued form (attached to this entry packet) that must be completed prior to arriving at immigration in Mexico. Each traveling member of the delegation must have this completed and signed form upon arrival for the immigration authorities in Mexico.*
5. ***All members of the delegation upon arrival in Mexico must have with them two negative results of the PCR test no more than 08 days before their arrival in Mexico, with a minimum difference of 48 hours between them.***
6. *All members of the delegation must always wear a facial mask upon arrival at the airport, as well as all other areas unless otherwise stated.*
7. *Upon arrival and departure from Immigration / Customs at Guadalajara Airport, each delegation will be received by members of the organizing committee who will pre-accredit them and place them in special transportation vehicles to be taken to the official hotel.*
8. *Upon arrival at the hotel, the Head of Mission of the delegation will meet with the organizers to process all the paperwork and secure the keys to the rooms of the members of their delegation. A PCR test will be performed at the hotel, the result of which will take near 24 hours.*
9. *Upon arrival of the negative results of the PCR tests performed, a member of the organization will proceed to change the tape (from red to green) to the members of the delegation, it is not allowed to remove the tape. At this point in the protocol, members of the delegations can only move within the championship bubble and cannot leave the bubble enclosure until they return to the airport for their departure.*

10. Mealtimes will be allocated so that only a certain number of people eat at the same time in the cafeteria / restaurant. Times will be posted and are expected to be maintained and adhered to. Before entering the dining room, the temperature of each person will be controlled.
11. If during the competition dates, or the stay of the individual member of the delegation, a person begins to feel ill or develops any symptoms of concern, the person will be immediately transferred to a floor dedicated to "health surveillance" where they will be kept in quarantine to see if more symptoms develop. These rooms and the floor where these people would stay are out of the reach of anyone other than the health authority. The rooms will be for individual use and all meals will be served in the room following the appropriate protocols. It will be the National Federation of the affected person, the responsibility to pay for this extra room if necessary.
12. All NFs must clearly understand that all members of the delegation must have health insurance and that each NF is responsible for all costs related to the medical treatment of all members of the delegation. The organizers, neither the Mexican Judo Federation nor the Pan American Judo Confederation assume any responsibility related to the cost of any medical treatment for each member of the delegation.
13. Delegations are asked to comply with the assigned transport times to allow everyone to have the necessary and safe distance dictated by the anti-Covid19 protocol. It is mandatory that all persons traveling on the transport system always wear their mask. Before boarding the transport, the temperature of each person will be controlled.
14. Once at the competition venue and given that the venue is large enough, we ask each delegation to keep a safe distance between them in the stands. Only athletes competing that day may be in the competition warm-up area.
15. We will follow all other protocols within the competition venue as issued within the IJF protocol document that has been sent to all National Federations and that is attached to this entry package.
16. **In case of requiring a new PCR for their return to their country, the participating delegation must pay USD 80 per test.**
